Questionnaire health personnel (central prisons)

Date of interview: …../…../………….

Questionnaire N°: ………

Interviewer: …………………………………..

Central Prison: ……………… Person interviewed: ……………………………………..

Profile of person interviewed: Medical doctor / Nurse (encircle)

Present yourself: I am ... I am in charge of assisting a rapid assessment of the state of prison health and of the prison health system in order to help to direct funding from the Global Fund and from GIZ for enhancing appropriately the functioning and the quality of the prison health services.

Prison population at 01 08 2021: Real: ………… Theoretically (capacity): …………..

Infrastructure

1. Number of rooms in the health care unit: ……………………

2. List the rooms with their function:

   ……………………………………………………………………………………………………………………

3. Does there exist an isolation unit/room? Yes No

4. Does there exist a unit for treatment of TB patients in the intensive phase? Yes No

   Comment:

   ……………………………………………………………………………………………………………..

Equipment

5. What basic equipment is available in your health unit (exam table, delivery table, weigh scale, tensiometer, stethoscope, thermometer

   …………………………………………………………………………………………………………………… (encircle/add)

Personnel

6. Your health service counts how many personnel; list them with degree of training and function:

   …………………………………………………………………………………………………………………

   …………………………………………………………………………………………………………………

   …………………………………………………………………………………………………………………

   …………………………………………………………………………………………………………………
Drugs / Paramedical items

7. What are the sources of your supply of drugs / paramedical items? List according to importance!

8. You are supplied following your own orders? (encircle) Yes No Partly

10. If - what important products are – regularly - lacking?

……………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………………

Medical services

Medical screening of new entrants

11. You are screening medically new entrants Yes No

12. What is the delay between entry and screening (give interval if indicated) : ………days?

13. Coverage of new entry screening is according to your estimations:

100 % 75-90 % 50-74% <50% (encircle)

14. Please, indicate what you are screening for (infections, diseases, parameters). Tick the corresponding answer, please!

16. How many beds has your nursery? ............

17. Did you hospitalize a patient during the last 30 days? For what pathology..................

18. Do you have different health facilities for referring patients when your competencies or capacities are insufficient? List, please…………………………………………………………………….

19. The last reference took place when?....................

20. Towards whom?..................................................

21. Do you experience difficulties when referring patients? Yes No

22. If yes, what principally?..........................................

23. Do you routinely vaccinations Yes No

24. If yes, what vaccinations? ..........................................................

25. Do you participate in vaccination campaigns of the Delegation of Health? Yes No
26. If yes, list please:

........................................................................................................................................................................

27. Do you have SOPs for diagnosing/caring (certain) pathologies?  Yes  No

M&E

28. Your service is submitted to quality control (monitoring, supervision)?  Yes  No

29. If yes, when did the last supervision take place? ..............Supervising what? ......................

Community participation

30. Do you have a functional team of peer educators for health education in your prison?  Yes  No

Data collection system and transfer of data

31. Do you use a standardized form for collecting screening results for new entrants  Yes  No  Don’t know

32. Is this sheet the same for all prisons?  Yes  No  Don't know

33. Do you use a standardized consultation log?  Yes  No

34. All consultations are marked there?  Yes  No

35. Is this register the same for all prisons?  Yes  No  Don't know

36. Do you report your data on the activities of your medical service?  Yes  No

37. If Yes, reporting is done according to a standardized reporting template?  Yes  No

38. Is reporting done on paper, electronic? both? ..............

39. To whom is it transmitted? ..............

40. In what rhythm? ..............

Comments (e.g. concerning multiple parallel reports – to vertical programs:)

........................................................................................................................................................................
41. Do you have regular feedback on your reporting? Yes No

42. What do you consider to be the biggest challenges for your medical department? (max 5 challenges, in order of priority). And what solutions do you offer?

Interview Guide A : Key informants on intermediate level - DRAP, CSSSP (please, expand and/or enter in details according to the interview partner)

Introduction:
- Thank you for our time and introduction (context assessment)
- Objectives and expectation of interview
- Assure verbal informed consent
- Explain use of information (assure anonymity!)

Policy framework, administrative organisation, governance, leadership / regional penitentiary health system
- Can you describe briefly how the penitentiary health system is organized administratively, nationally and in your region?
- To whom are you answerable for matters of prison health?
- What is the role of the Sub-directory of the penitentiary health?
- Does there exist a collaboration with the civil health sector in your region? In what domains? Formalized by texts?
- How do you judge this collaboration? Helpful? Indispensable? Why?

Infrastructure and Equipment
- Infrastructure and equipment of infirmaries are often critiqued as unsatisfying, what are according to you the main problems?
- What are according to you the different ways forward to improve the situation?
- How is your region trying to fill lacunae?

Infirmary staffing
- If you look at staffing of the infirmary do you think that there is sufficient staff?
- If not, who/what is lacking?
- Do you think your medical staff might have conflicts of loyalty?

Health care delivery
- What do you consider as the most important health problems of your prisoners (exception Covid)?
- What do you consider as main indicators for prison health?
- According to your opinion, are health care and prevention as delivered today in your region satisfying? If yes, what are the values of your indicators? If not, why not? How can they be improved?
- Do you think that prisoners in your central prison are satisfied with the way health care is delivered. If yes, why, if not why not?
- If improvements have to be done, according to you what are priorities?

Supply of essential medicines and medical consumables
- Who is responsible for the acquisition of medicines and medical consumables in your central prison?
- Where does the supply come from?
- Do you see any problem when looking at the current supply system? – if yes, what solutions?
Financing of penitentiary health
- What are the different sources of financing of penitentiary health in your region
  - Who in your administration has an overview of the different sources, the amounts?
- Can you give some indicative figures?
- Who manages annual health related resources in your central prison health care and prevention?
- If resources and their management need improvement, do you have suggestions?

Health information system
- Please, describe briefly the flux of data collected regarding prisoners’ health and health activities in your central prison, the region.
- What do you consider as strengths/weaknesses of this system?
- What could be improved and how?

Interview Guide B : Guide for focus group discussion

Introduction:
- Thank you for our time and introduction (context assessment)
- Objectives and expectation of the discussion
- Assure verbal informed consent, also for the registration of the discussion
- Assure strict anonymity
- Explain use of information

Health problems and access to health service
- What health problems do you encounter frequently here in the prison?
- If you are sick, describe how you access health services in your prison?
- If you are treated, you pay?
- What was done for you in your prison during the Covid epidemics?

Quality and competence of health services
- Are you satisfied with the quality of work your ‘doctors’ do’? Are medications available? Lab exams?
- Do you trust your ‘doctors’ in this prison (quality, confidentiality)?
- What happens when you are so sick that your prison infirmary cannot resolve the problem?

Preventive measures
- Do you have enough water to wash?
- How about supply with soap? with disinfection materials?
- Are you receiving health information or health education? How often? About what?

What would you propose to improve health services and health care in your prison?
